Snap Circuits®

Elenco *Snap Circuits make learning electronics easy & fun! Students follow colorful pictures to build exciting projects such as AM radios, burglar alarms, doorbells & more. Parts are mounted on plastic modules & snap together with ease. No tools required. For students age 8+.*

Requires batteries, sold separately.

Snap Circuits Jr.

Elenco Students will have hours of fun building more than 100 projects while learning the basics of electronics.

Some experiments include:

- Flying saucer
- Spin draw
- Sound activated switch
- Alarms & touch circuits
- Games

Includes 30+ parts including a photoresistor, music IC, motor, space war IC & manual.

Requires 2 AA batteries.

390339	SC-100	**$34.20**

Snap Circuits

Elenco Students will build more than 300 projects while learning how transistors and capacitors function, how to make time delay circuits and how oscillators and photo sensors work.

Some experiments include:

- AM radio
- Radio announcer
- Lie detector
- Burglar alarm
- Plus, experiments from Snap Circuits, Jr. Kit

Includes 60+ parts including 2 transistors, microphone, power amplifier IC, variable capacitor & manual.

Requires 4 AA batteries.

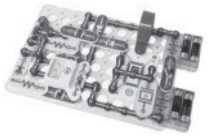
390348	SC-300S	**$84.90**



Snap Circuits Pro

Elenco With this pro-version kit, students will build more than 500 projects and learn how 7-segment displays, meters, relays, transformers and diodes work.

Some experiments include:

- FM radio • Adjustable light control • Digital voice recorder • AC generator
- Plus, experiments from Snap Circuits, Jr. & Snap Circuits Kits

Includes 75+ parts including voice recording IC, FM radio module, analog meter, transformer, relay, 7-segment LED display & manual.

Requires 4 AA batteries.

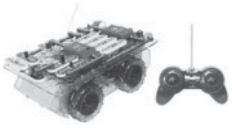
390341	SC-500	**$97.50**

Snap Circuits Pro w/Computer Interface ***Includes*** the above plus, 73 computer-interfaced experiments.

390349	SC-500S	**$117.00**



RC Snap Rover Kit

Elenco Colorful Snap Circuits parts connect together easily allowing students to effortlessly complete a wireless Snap Rover vehicle. Navigation is made simple using the remote control.

- L & R turning control
- Race up to 3 Rovers at the same time
- Forward/backward motion
- Night mission red/blue side lights
- Headlight
- Multi-function, wireless remote control
- Colorful moving gear
- Build 20+ projects
- Sound Fx

Includes 30+ parts, remote control & manual.

Requires 9V & 6 AA batteries.

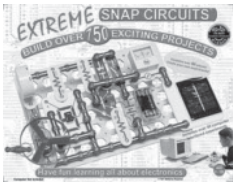
390344	SCROV-10	**$87.70**



Snap Circuits Extreme

Elenco Action-packed kit allows students to build more than 750 projects including 73 computer interfaced experiments.

Some experiments include:

- Strobe light
- Solar power
- Transistor AM radio
- Electromagnetism
- Rechargeable battery
- Vibration switches
- Plus projects from Snap Circuits, Jr., Snap Circuits, Snap Circuits Pro & Pro w/Computer Interface Kits

Includes 80+ parts including solar cell, electromagnet, vibration switch, computer interface & manual.

Requires 4 AA batteries.

Stk.	Mfr.	Price
390343	SC-750	**$137.00**

ELECTRONIC SOLDERING KITS

Soldering Kits

Kits come complete with all electronic parts necessary to assemble the circuit, a printed circuit board (PCB) & an instruction sheet with parts placement diagram, assembly steps & discussion of operation. Each PCB is etched & drilled.

Batteries or Battery Eliminator, if required, sold separately.

LED Robot Blinker

Elenco Learn about free-running oscillators. You'll have fun building, displaying and learning about the LED Robot Blinker.

Requires 9V battery.

390338	K-17	**$11.40**

Whooper Alarm

Elenco Alarm puts out a wavering sound that is sure to startle an intruder. Circuit consists of two oscillators, a low frequency oscillator which drives a higher frequency unit at a predetermined rate. High frequency oscillator drives an output transistor which powers the speaker.

Use only rosin core solder. Requires 9V battery.
